Moto Guzzi USA is a U.S. and worldwide registered trademark of Piaggio Group Americas, Inc. and the Piaggio Group of companies. Obey traffic safety laws and always wear a helmet, appropriate eyewear and proper apparel. Moto Guzzi USA cares about your safety and strongly encourages you to take a riding skills course endorsed by the Motorcycle Safety Foundation. To enroll in this course, or for more information, contact the MSF at 800-446-9227. Never ride under the influence of drugs or alcohol. Always operate your vehicle at a safe and legal speed. Always ride cautiously within your abilities. Be alert to your surroundings and ride defensively. Do not ride off road and respect the rights of others. Review your owner's manual thoroughly before riding your new vehicle and examine your vehicle before each ride. Aprilia motor vehicles are recommended for riders 16 years of age or older. Specifications are subject to change without notice.

# STELVIO 1200

## ENGINE GUARD KIT

983152

The dedicated engine guard kit is made of black powdercoated steel and ensures effective protection of the engine from low speeds drops. Compatible with the optional foglight support and aluminum engine guard.

## ALUMINUM BELLY PAN

983153

The aluminum bellypan is made of 3mm thick high-strength aluminum alloy, to offer protection of the oil pan from impact or gravel kicked from the front wheel, assists in engine cooling. Compatible with the engine guard kit.

Mobile satellite navigation kit made in collaboration with Tom Tom. The first sat-nav system designed specifically for motorcycles, with a 3.5" touch screen that you can even use with gloves on. Simple and clear 2D and 3D graphics for choosing the most suitable route or planning routes via waypoints of interests. Bluetooth interface and earpiece kit for listening to instructions inside the helmet, answering incoming phone calls simply by touching the screen, and making calls when your bike is stationary (see the Tomtom.com website for a list of compatible phones). Completely waterproof. Complete with topographic map of areas covered on SecureDigital card. Dedicated mounting for easy access and excellent visibility.

DISK LOCK ALARM

GU95051101010

The first of a series of Moto Guzzi anti-theft locks. This GRANIT QUICK 37 disc lock by ABUS is made from special fully hardened steel and will resist any attempt to cut through it.

TANK PROTECTOR

GU973221100021

Tank protector in carbon fibre and elastic resin composite, with a resin Moto Guzzi logo and dedicated packaging. Fits all models since 2000 except Grisos and Stelvio.
