605484M022 - Vespa Copter Black/Black Leather S

Handmade in Italy, the Copter helmet is a ¾ helmet with a Polycarbonate shell and stain resistant leather accents from the company that defines scooters. A departure from earlier helmet designs, this helmet features a substantial

polycarbonate visor to better protect the rider's face and rider's eyes from debris in the air and is comfortable at autobahn/racetrack speeds. Other features that make this helmet unique are its removable and washable (dry clean only) cheek pads and comfortable moisture wicking padding.

All helmets feature a steel ring to hook the helmet on the vehicle, are hand made in Italy and feature a stitched Dot logo and Tricolore. Inside, the Copter helmet has a hypoallergenic Terinda (Dupont) moisture absorbing lining. Optional Bluetooth module available late 2010. All helmets are hand made in Italy and feature a stitched Dot logo and Tricolore. Sizes range XS, S, M, L, XL, colors are as shown
